

Make your own **Odious** **CENSOR**

Option 1:

Time: 10 - 15 minutes of cutting, Cost: super cheap

1. Download the PDF and print it out on regular paper.
2. Cut the cards out.
3. You'll have to set a timer on your phone. And instead of actually having a buzzer for when somebody uses a censored word you'll just have to yell.

Option 2:

Time: 10 - 15 minutes cutting, Cost: a little bit more expensive

1. Same shit as before, but print on a heavy cardstock. It'll look nicer (you can kinda read the cards through the back on printer paper)
2. You may want to consider going to a local print shop and either cutting them out yourself (they should have a paper cutter you could use), or if you've got money to burn you can pay the shop to cut them out for you.
